Secret Service Officials Claim to Have Ample Evidence to Show a Huge Counterfeiting Conspiracy.

REPUBLIC SPECIAL Philadelphia, Pa., May 18.—Charges of thief John E. Wilkie of the United States Secret Bureau that a counterfelt mint has been in successful operation for months in cell of the Moyamensing Prison here,

Superintendent Notherwell and the inors of the prison scout the story and nsist that such a thing was absolutely im-cossible, considering the strict watch that kept on all prisoners. Government oficials declare, on the other hand, that the secret service men have been at work on this particular phase of the Kendig-Jacobs-Ingham-Newitt counterfeiting constpracy for more than a year, and that all the evi-dence in their possession was carefully re-viewed by the Treasury Department and the Attorney General before the climax yester-

Lawyer Shares Jail With Clients.

John L. Semple, a Camden lawyer, arrested on the charge of aiding and abetting Taylor and Bredell, the expert counterfeiters, who confess they made apurious \$20 Hamilton bills in their cells, spent last night in the same prison that holds his former clients, who have turned accusers. Semple was released this evening on \$10,000 bail, furnished by a surety company.

Secret Service operatives have been watching the movements of Semple almost from the time he became associated with former Governor Pattison as counsel for the accused counterfeiters.

In the absence of Chief Wilkie, who went to Washington last night, carrying in one of the side pockets of his coat the miniature plate and press on which Taylor and Bredell say they made the spurious notes in prison, the Government officers here were very reticent. They asserted that they have plenty of evidence in reserve, and only made public at yesterday's hearing before United States Commissioner Edmunds enough details of the conspiracy to establish a prima facie case against Semple, who is one of the leading criminal lawyers at the Camden bar.

Prison Officials Not Blamed.

William J. Burns, in charge of the local flice of the Becret Service Bureau, who was sacctated with Chief Wilkie, would not eli how Taylor and Bredell were able to rint the counterfeit twenty-dollar bills and scape the detection of the prison keepers. "I can say this, however," remarked wirs, "that we have no criticism to make f the management of the prison. It is anifestly out of the question that we hould give our case away now to the deems, but I can tell Superintendent Northwell when the Government's evidence is twen to the jury he will realize that he ad pretty shrewd prisoners to deal with a the persons of Taylor and Bredell."

CHARGED WITH PETIT LARCENY. Simmons Hardware Company Clerk Arrested.

Clerk Arrested.

John W. Ziegler, 19 years old, a cierk for the Simmons Hardware Company, is a prisoner at the Central District Police Station on a charge of stealing from the company. Ziegler had been employed in the wholesale department at Ninth and Spruce streets for a little more than five months. For some time the company has been missing articles of small value, and finally suspicion was attached to Ziegler. A complaint was made to Chief Desmond, who detailed Detectives Lawier and Shannon on the case. Ziegler was arrested as he left the warehouse shortly after 5 o'clock Friday evening. In his pockets were found a loaded revolver, an exerciser and a bicycle bell, all new. The officers accompanied him to his home at No. 1622 North Burd avenue. A search of his house brought forth two bicycle chains, four vials of cement, four valves, one piece of mending rubber, five rubber handles, three wrenches, two repair kits and two buils-eye lantern lemes. All the pieces were taken to the Four Courts.

R. W. Burton identified the exerciser and the bell yesterday as the property of the company, and swore out a warrant against Ziegler, charging petit larceny. The police obtained another warrant, charging him with carrying a concensied weapon. Ziegler claims he was only taking the exerciser home for his father to look at, If he liked it. Ziegler said, it was his intention to buy it.

The mother, who was a very religious woman, constantly prayed that her daughter's sight might be restored to her again. The mother continued praying up to the time of her death, a few weeks ago.

Alma had been treated by several doctors without success. At the line of the other's death, a friend in the home led the child to the deathbed, and, lifting the lifeless hand to the eyes of the sightless child, passed
